

Alexco Resource Corp. (the Company) is a Canadian corporation with corporate headquarters in Vancouver, British Columbia, Canada. Alexco operates two distinctive yet complimentary businesses; mine exploration, development and operations and environmental consulting and remediation services.

Alexco Resource Corp.'s business is to unlock value and manage risk at mature, closed or abandoned minesites through deployment of the company's core competencies and skills which include management of environmental services, execution of mine reclamation and closure operations and where appropriate, rejuvenation of exploration and development activity.

The Company is currently recruiting for a:

Journeyman Industrial Electrician

Reporting to the Mill Manager and/or Mill General Foreman, the successful candidate will be responsible for:

- Position is accountable for the maintenance of the Keno Hill district electrical infrastructure which includes single and three phase power distribution throughout the site. Voltage are varied and up to 6900;
- Work will be primarily on at the Mill but may be required to help on underground electrical projects;
- Responsible for installing new electrical systems around the site; and
- Responsible for identifying and removal of switch gear from historic infrastructure around the site.

Education & Experience Requirements:

The candidate will have Journeyman Certificate; with inter-provincial standard and Red Seal certificate, and a minimum of 3-4 years experience.

- Must have a working knowledge of OH&S standards and CSA standard "M421-00" as it pertains to electrical systems on mine sites;
- Must be familiar with and able to implement Arc Flash protection procedures;
- Must have work experience on industrial electrical systems working with both low and high voltages;
- Experience with control systems (PLC) is an asset;
- Ability to work well alone and complete tasks with little or no supervision; and
- First Aid and CPR; and Valid class 5 drivers licence and a clean driver abstract.

Alexco maintains camp facilities in Elsa, Yukon, where employees and contractors are housed. This position is based in Elsa and the rotation schedule is 14 days on and 14 days off working 12 hour days. Alexco provides full benefits packages comparable to current industry standards.
