Senior Project Manager - Reclamation and Closure

Access Consulting Group is a dynamic environmental consulting company based in Whitehorse, Yukon, and a wholly owned subsidiary of *Alexco Resource Corp.* (TSX:AXR, AMEX:AXU). Access is managing the closure and reclamation of historic environmental liabilities at the Keno Hill Silver District under a contract agreement between Alexco, Indian and Northern Affairs Canada and the Government of Yukon.

Access has an immediate opening for a **Senior Project Manager - Reclamation and Closure**. This position will be based in our Whitehorse office with travel required to/from our Keno Hill Silver District operations in Elsa, Yukon.

Reporting to senior management, the successful candidate will be responsible for:

- Managing the overall closure planning project for the historic environmental liabilities at the Keno Hill Silver District.
- Managing the project through the Yukon regulatory approval process.
- Implementing and managing the site closure work after the plan has been approved.
- Leading the Project to completion within the time and cost set out in the plan and reporting on the Project's status, progress, budget, and compliance performance.
- Maintaining a high level of safety and environmental protection in accordance with Alexco's corporate policies.
- Managing the Keno Hill environmental care and maintenance program, water treatment systems, personnel, and ensuring compliance with all regulatory authorizations.
- Providing leadership and guidance to the Project Team.
- Project management and consultation with various stakeholders including Government of Canada, Government of Yukon, First Nations Governments and local communities.

REQUIREMENTS FOR THIS POSITION:

Education:

- Bachelor of Science Degree in Mine or Civil Engineering or related field;
- Professional Engineering designation in Mine or Civil Engineering (*will be considered an asset*).

Work Experience / Proficiencies:

- 10+ years' experience in Engineering Design, Project and Environmental Management;
- Demonstrated proficiency and accomplishments in management of large scale projects with experience in closure plan execution;
- In-depth knowledge of project cost forecasting and control systems with a high level of computer literacy in PC applications (Excel, Word, Powerpoint)
- Familiarity with Yukon regulatory requirements and authorizations.

The company provides full compensation and benefits packages comparable to current industry standards. Salary will be commensurate upon experience.

Resumes with cover letter should be sent by email to: mail@accessconsulting.ca

Closing date: November 23, 2009
